The mere mention of MOGPA makes me know you are fake. Some of us know the scriptures and you can't deceive us. This is the agent of the devil sent to sow confusion in the heart of men. Why am I even listening. Rev Isaac Osei Bonsu of MOGPA fake?????. Yet

Then we should stop praying to God for healing coz he healed once and shouldn't heal again. There's no where in the Bible that supports his allegations. This is just a display of jealousy. I'm not saying all those he mentioned are of God, but not all of them are fake. I read my bible very well and I know this man is misleading people. Jesus said greater things than He did will we also do. so what's his problem. Rev OB is truly a man of God, period!!

My friend, knowing the scripture don't qualify u to know who is fake unless the spirit of God reveal it to u. Is one thing to know the bible and its another at ng to have revelation from God. If u really know the scripture u would discern and know that this man is speaking the truth. U guys have to be careful with that statement "I know the scripture" because u don't live according to it. The most important thing in serving God is in Deeds - living a clean life. If u claim to know the scripture and yet do sin. Don't say u know it and don't think God forgive so u can sin and be forgiven. Everything we do counts and u cant know the truth if u are corrupt.

under what authority is this pastor speaking? If he claims to be from God's authority then he is lying to all of you but if he claims its from his own analysis then some are right and some are wrong. Prophet Francis Kwarteng is the only pastor in Ghana that you listen to consistently for 1 week and you begin to leave righteous life for God anybody can try it and you say he is not from God? He is the only prophet that does not charge anybody a single pesewa and does not even do consultation and you speak against him? All these pastors you mentioned have completed their churches and prophet Francis is yet to complete his because he does not take any money from anybody and you speak against him? Please give us a break. To some pastors everyone that performs miracle is not from God. Pastor let God direct you than to use your own analysis.

In the days of Jesus such people existed yet Jesus had followers why because He preached the message. Please I wouldn't say you are from satan but I will only say the spirit of confusion has been cast upon you. I pray the Holy Spirit will enlighten you to rather go to this people and preach salvation message to them if you think they are from the devil rather than making video to confuse the simple. There is no shield of doubt in what The Man Of God Is Saying. My pastor explained to us how to recognize such false prophets and he explained it exactly as the Man Of God Is saying what surprises me here is the example of Elisha. My pastor also said the same thing. Mark the man of God's word He plays curse on it so please be careful. Ask yourself if it is not true why will he boldly come out and mention names.

This man is making mistakes. what he is preaching lack Biblical backing and knowledge. 1. the fact that somebody is selling anointing water to raise money for the work of God does not make that person a false prophet. 2. the fact that somebody is performing miracles, signs and wonders does not make the person a false prophet. 3. this man is taking every man of God who performs signs and wonders or raise money by selling something in their church as a false prophet, that is very wrong. 4. the Bible gives us one point at which we should know whether they are from God or not and that is by their deed. which is character, behaviour, lifestyle. their lifestyle and character and what they preach must line up with the word of GOD. IF THEY ARE FOOLING AROUND, SLEEPING WITH WOMEN, MISBEHAVING, USING JUJU OR INTO CULTS BY PROOF, THEN WE CAN SAY SUCH IS NOT OF GOD. ALSO THOSE WHO ARE USING MYSTERIOUS RINGS ARE USING MAGIC. BUT WE CANNOT SAY THEY ARE ALL FALSE PROPHETS BECAUSE THEY ARE PERFORMING SIGNS AND WONDERS. Reverend. Dan

What is this rubbish that is happening in Ghana christian community. What example are they setting to the unbelievers. Is this what Jesus was busy doing on earth? If it was this that Bro. Paul and co were busy doing, the truth is that the Gospel of Jesus wouldn't have gotten to us or if all these pastors fighting each other were to be Bro. Paul and co.. the word of God wouldn't have gotten to us. This is a big shame to all of them both the once claiming to be innocent. God should please help the people of Ghana and Pastors in Africa.

That is so simple and as easy as ABC. Any person who focus much on Miracle regardless of what ever he is using And do not focus on the Birth, the Life, the Death, the Burial, the Resurrection, And the Coming of our Lord Jesus Christ who is the King of Glory and Boast of Miracle and concentrate on Blessing is a clear Agent of Anti Christ who try to misdirect innocent souls on earth to eternal distruction and condemnation and set them up to loose focus of the our saviour Lord Jesus.

Please people let us be watchful of some of these Pastors advise our selves. What this Man is saying may seems to be hurting, bitter to us especially when ur pastor is included but what goes behind the seen before he Mount de pulpit may nt be known. Every Pastor who ALWAYS, I repeat ALWAYS rely on Water, egg, or any other tangible item to perform Miracle is very Suspicious n his act is questionable.

This pastor is just ignorant about the Catholic Church. Soo many latter day churches and their founders such as this one tried as much as possible to destroy the Catholic church and yet the church continues to grow from strength to strength without any advertisements as these latter day pastors do. Come to think of it, is it not only a genuine, authentic or original product that can be faked? therefore, if Satanists or occultists use the same way of worship (candles, incense etc) then that should tell you that they faking or copying the original way of worship.
